

The International Radio Festival presents:

“Listen to how science sounds”

kaustscience.radio

A New Era Of Accelerated Impact

DISCOVER THE KAUST STRATEGY >

kaustscience.radio SAUDI SCIENCE ON-AIR.

kaustscience.radio will become to be known as the world's first radio channel dedicated to a nation's science research and development.

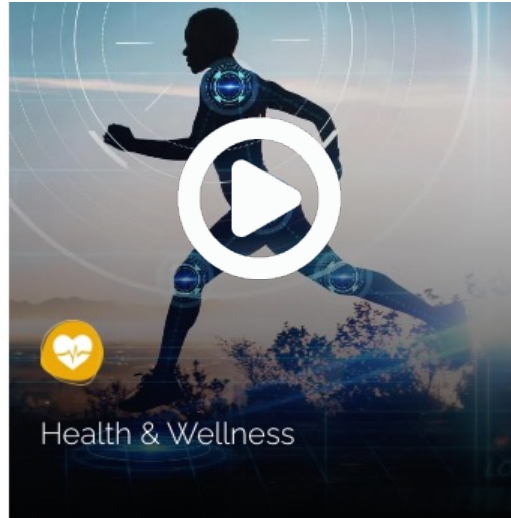

kaustscience.radio will feature a who's who, who are actively accelerating the Kingdom's advancement in science and technology for the betterment of the nation.

Available online and on-air, kaustscience.radio will act as a gateway for the world to listen how the world of Saudi science sounds.

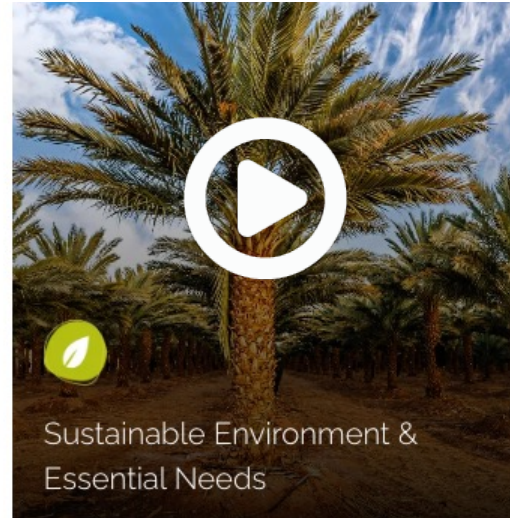

kaustscience.radio fully aligns with both its mission to pursue excellence in collaborative research and strive to enhance welfare in society - perfectly in tune with Vision 2030.

kaustscience.radio REAL STORIES ABOUT SAUDI SCIENCE.

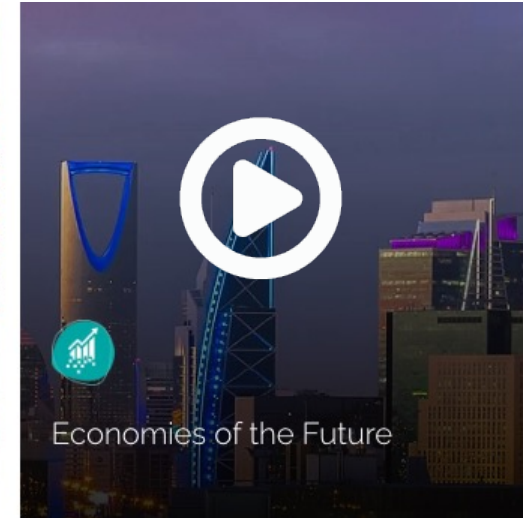

Real stories about how KAUST is accelerating positive impact across all science and technology fields.

Real stories about the people who are joining forces at KAUST to solve some of the world's most challenging problems.

Real stories about how KAUST is re-focusing to align with the national research, development and innovation priorities.

Real stories about the thought leaders supporting Vision 2030 objectives driving the essential economies for the future.

THANK YOU. QUESTIONS? NEXT STEPS.
