المركز الوطني
لتنمية الحياة الفطرية
National Center for Wildlife
المملكة العربية السعودية

saudiwildlife.radio will represent the world's first radio channel dedicated to a nation's wildlife - to inform, educate and inspire.

saudiwildlife.radio will feature the who's who actively engaged in looking after the Kingdom's wildlife.

Available online and on-air, saudiwildlife.radio will act as a gateway for new and existing audiences to listen how Saudi's wildlife sounds.

saudiwildlife.radio fully aligns both with the objectives of the National Centre for Wildlife, and with Vision 2030.

REAL STORIES ABOUT SAUDI'S WILDLIFE.

Real stories about cutting edge wildlife conservation and the collaborations with leading educational and research centres.

Real stories about the people managing protected species and the restoration of natural habitats on the land and in the sea.

Real stories about how Saudi wildlife is being nurtured whilst fostering biodiversity across the Kingdom's natural assets.

Real stories about the thought leaders promoting economic diversification and unique ecotourism experiences.
